The Chilian Correspondence to Be Made Public

UNLESS SOMETHING HAPPENS

A Friendly Solution of the Difficulty Believed by the Washington Officials—The United States Steamship Baltimore Arrives at San Francisco.

WASHINGTON, Jan. 6.—The Chilian correspondence will be sent to congress today or Thursday unless, in the meantime, something new unforeseen happens. The only thing that can happen to cause delay, it is explained, at the state department, is the satisfactory conclusion of the difficulties with Chili. In that event, which is regarded as altogether probable, Secretary Blaine will delay the transmission of the Chilian correspondence, to enable him to accompany it with the official announcement that the difficulties with Chili have been amicably adjusted to the satisfaction of both countries.

Since Senor Matta has retired from the cabinet as the chief director of the foreign affairs of Chili, the feeling prevails in the state department that the principal cause of obstruction to a friendly settlement has been removed. He is credited with having had personal prejudices in the matter so decided that any approach to an amicable settlement, without the surrender of dignity and right, was out of the question. The new minister of foreign affairs is of a decidedly different disposition, and open to conviction.

There was a slight commotion in the navy department about 3 o'clock yesterday by the receipt of a dispatch announcing the arrival of the United States steamer Baltimore at San Francisco. Assistant Secretary Soley immediately carried the news in person to the state department and in a few minutes the wires were hot between Washington and San Francisco with messages to the navy officers at Mare Island navy yard, instructing them not to permit the officers or crew of the Baltimore ashore. A telegram was also sent to Judge Advocate Reamy, now on his way to San Francisco, instructing him to take full depositions of the officers and sailors of the Baltimore. A telegram of inquiry asking if Colonel Reamy had arrived was also sent. The Baltimore had evidently arrived in San Francisco a day in advance of the expected time, hence the hurried instructions.

It is fully realized at this stage of the negotiations that any false step might delay or ultimately destroy the hope, which is almost assured, of a satisfactory adjustment of the Chilian troubles. Permitting the sailors to go ashore and fall into the hands of the newspaper men who are doubtless on the alert to interview them and to obtain their version of the Valparaiso street quarrel, would be, it is claimed, very indiscreet, as that would doubtless create or intensify the popular feeling now existing among the masses against the Chilians. After depositions are taken under oath without their having known the popular feeling, they will be permitted to land. Otherwise their depositions would not be considered as trustworthy and deliberate as the circumstances of the case in its present aspect required.

The Baltimore within a few days will be placed in the dry dock, at Mare Island navy yard, to have her bottom cleaned and undergo other necessary repairs.

Secretary Blaine and Senor Montt, the Chilian minister, had a long conference yesterday at the residence of the secretary. Nothing is known of the results of the conference and Senor Montt in reply to inquiries said he had nothing to communicate.

A United Press reporter interviewed Secretary Blaine last night about Chilian affairs. The secretary had nothing definite to communicate, but throughout manifested a strong confidence in the peaceful solution of the trouble. He said there would be no war and gave the impression that he anticipated an early settlement of the present incident. Of course he was diplomatically dumb as to details and would not either confirm or deny the truth of the report that the Chilian government had instructed Minister Montt to offer "a sincere and unqualified apology," for the assault upon the Baltimore's sailors; but intimated that the source of the report was not the most trustworthy in existence.

Speaking of the reported visit of Senor Montt to Boston to attend the annual dinner of the chamber of commerce Thursday night, it was suggested that probably the Chilian minister might find it difficult to get away from Washington just now. "I wish he would go," said Mr. Blaine. "There is nothing to keep him here that I know of."

The Chilian correspondence when it goes to congress will be accompanied by a message from the president which, whether Chili has apologized or not, it is supposed, will restate with emphasis and dignity the position of the United States in the matter. There will be no bluster; but a plain forceful statement of what this government deems to be its just rights, and what it will insist upon maintaining.

No confirmation can be had of the report that Chili has authorized an apology to be made and, while a hopeful feeling prevails, there has nothing transpired which warrants the statement that there has been any decided change in the situation of affairs. Senor Montt was at the Capitol yesterday and the report was current that the Chilian correspondence would not be sent to congress, as was previously stated in these dispatches, until asked for by resolution.

It is Senor Montt's intention to accompany the delegation who go to attend the Boston banquet Thursday night.

WARSHIP, BALTIMORE.

The Noted Cruiser Arrives in the San Francisco Port.

SAN FRANCISCO, Jan. 6.—The United States steamship Baltimore arrived from Chili at 9 o'clock yesterday morning. Shortly after the big warship had anchored in the stream, a representative of the United Press boarded her and went in quest of Captain Schley, her commander, who stated that the reports telegraphed to this country regarding the attack on a number of his men in the harbor of Valparaiso were substantially correct and that there was little if anything to add to them.

He stated that one very significant feature of the assault on the Baltimore's men was that every one of them was stabbed in the back and that soldiers, police and sailors took part in the affair. None of the Baltimore's men were armed. The captain said that a half dozen of his men, if they had been provided with weapons, could have stood off the 3,000 Chilians, as they were a lot of cowards. Further than this Captain Schley refused to talk.

The future movements of the Baltimore are at present unknown. She is very foul and will probably go to Mare Island to be cleaned.

MESSAGE TO CONGRESS.

President Harrison Has Something to Say About the Starving Russians.

WASHINGTON, Jan. 6.—President Harrison yesterday sent to congress the following message touching the efforts to relieve the distress of the famine sufferers in Russia. It was referred to the committee on naval affairs for action on the recommendation contained therein. To the Senate and House of Representatives:

The famine prevailing in some of the provinces of Russia is so severe and widespread as to have attracted the sympathy and interest of a large number of our liberal and favored people. In some of the great grain producing states of the west, movements have already been organized to collect flour and meal for the relief of those perishing Russian families, and the response has been such as to justify the belief that a ship's cargo can very soon be delivered at the seaboard through the generous co-operation of the transportation lines. It is most appropriate that a people whose storehouses have been so lavishly filled with all the fruits of the earth by the gracious favor of God should manifest their gratitude by large gifts to his suffering children in other lands.

The secretary of the navy has no steam vessel at his disposal that could be used for the transportation of those supplies, and I therefore recommend that he be authorized to charter a suitable vessel to receive them if a sufficient amount should be offered, and to send them under charge of a naval officer to such south Russian port as may be most convenient for ready distribution to those in most need. BENJAMIN HARRISON.

DOWN ON TRUSTS.

Senator Peffer Introduces a Sweeping Measure.

WASHINGTON, Jan. 6.—Senator Peffer yesterday introduced a bill to prohibit dealing in options and futures and the formation of trusts and combinations, and to punish conspiracies against freedom of trade.

The bill declares every article in common and general use among the people of the several states to be carried from place to place in the United States, and sold or dealt in without interference by any person, or combination, with the proviso that in any state where the manufacture or sale of any article is prohibited, that article shall not be carried into the state for sale, nor sold in that state.

One section makes it a felony punishable by imprisonment and hard labor for not exceeding ten years nor less than two, in any way to interfere with the freedom of transit of articles of interstate commerce or to have the effect of influencing prices by raising or lowering them.

Parties to combinations are made liable to imprisonment for felony for not more than ten nor less than two years, and dealers in futures and options and corners are liable to the same punishment.

HORSES WITH LA GRIPPE.

Strange and Alarmingly Fatal Disease Among Indiana Horses.

HANOVER, Ind., Jan. 6.—An alarmingly fatal disease, resembling in its nature the grip, is prevailing among horses in this section. The symptoms are sore throat and inability to swallow, followed by inflammation of the lungs and paralysis of the hind legs, rendering it impossible for the animal afflicted to stand. The disease lasts from two or three hours to three or four days, and has proved fatal in every instance thus far that has come to light hereabouts.

Among the horses that have died in this city were a valuable gray owned by Major Allan Ramsay, proprietor of the Hanover and Madison stage line, and the well known trotting mare and carriage pony owned by Mr. Charles E. Logan. Every remedy known to veterinary skill has been tried by those whose horses have become victims of the epidemic, without success, and the disease seems to be spreading with great rapidity.

SENTENCED FOR SEVENTEEN YEARS.

WASHINGTON, Ind., Jan. 6.—Late last evening Judge Hefron sentenced Samuel Harbin and Joseph Ledgerwood to seventeen years at hard labor in the penitentiary and \$100 fine each. They are the parties who confessed to having burned the recorder's office here last October.

KILLED HIS LITTLE SISTER.

LIMA, O., Jan. 6.—The seven-year-old son of Isaac Erick, a Marion township farmer, shot and instantly killed his four-year-old sister yesterday. The boy picked up a loaded rifle and discharged its contents into the groin of his sister, killing her instantly.

UPRISING IN MEXICO.

The Revolution Becoming Quite Serious.

GARZA'S BAND GROWING FAST.

The Church Party Ready for the Overthrow of President Diaz's Government. Plenty Money Backing the Revolutionists—Garza's Recent Mission.

SAN ANTONIO, Tex., Jan. 6.—A dispatch from Monterey, Mex., says: The excitement here over the revolutionary movement against President Diaz, inaugurated by Catarina Garza, is on the increase. It has been learned here from an authentic source that there is to be a general uprising of what is known as the church party throughout Mexico in support of the revolution within the next four weeks.

It is also learned from the same source that the recent visit of Catarina Garza to the City of Mexico was made for the purpose of conferring with leading officials of the Catholic church. In beginning his movement last September, Garza had no funds with which to carry it on successfully, and he depended solely upon the sympathy of the oppressed people in northern Mexico to augment his resources.

It is believed here that he would have been successful at that time had his attack upon Guerrero and Mier resulted differently. The little band of revolutionists were, however, scattered and Garza sought refuge in the mountains of Tamaulipas. While still in hiding he received a summons from a prominent and wealthy Catholic citizen of the City of Mexico, to come to the capital incognito, and he would be given funds to carry on the campaign in the northern part of the republic, while a plan of campaign would be mapped out for the people of the southern states.

Garza answered the call and was well received by the instigator of the church people's movement, who, in addition to supplying Garza with a considerable amount of money caused a secret appeal for aid for the revolution to all faithful and devout Catholics in the republic. Numerous copies of this proclamation have been discovered here, and are in the hands of the government. As a result of this understanding, President Diaz has increased his vigilance, and priests are being quietly arrested upon trivial charges in all parts of Mexico and sent to jail, from which not many of them will escape alive.

The belief is growing here that Garza's operations along the Rio Grande frontier are intended as a blind to draw the Mexican troops to that quarter, when the real leader and an army of revolutionists will appear in either the states of Chihuahua or Durango and advance on the City of Mexico.

POOL ROOMS DEFAUDED.

A Well Laid Scheme Which Was Partially Successful.

OMAHA, Jan. 5.—A well laid scheme to defraud the pool room in this city was balked by the quick work of the manager yesterday. When the betting opened four strangers entered and began to play Congress, an 8 to 1 shot, for a winner. They played several hundred dollars on the horse and when the result of the race came in it named Congress as the winner. In the next race the strangers began plunging heavily on Rosa G, a 3 to 1 shot, and succeeding in placing upwards of \$1,000 on her.

When the telegraph announced Rosa G as the winner, Manager Swan ordered the cashier to hold back the payment of the tickets and he wired to F. G. Dealy, of New York, to send the results of the first and second races. Shortly afterwards an answer was received giving the actual winners. When this announcement was made the strangers quickly disappeared. There was numerous local sports who followed the plungers and they lost considerable. By Mr. Swan's foresight the house was saved over \$5,000.

A few minutes later telegrams were received from Bannigan, the Denver man who had lost \$7,000, and a San Francisco pool room, which lost over \$10,000. The scheme was perfectly worked, even the cipher codes coming in proper form, and it is thought the western race rooms lost fully \$100,000 by the deal. The leak was probably at the race course.

Desired Rest.

MUNCIE, Ind., Jan. 6.—George Jones, who went to Dayton, O., Monday to find his brother Charles, the missing merchant, returned yesterday. He reports that he found Charles at a private boarding-house, being treated for temporary insanity. He refused to come home, and on seeing George left for parts unknown, saying he did not want to return or the folks to know where he was till he received desired rest.

Strikers Charged with Lawlessness.

SAN ANTONIO, Tex., Jan. 6.—The first acts of destruction and violence on the part of the San Antonio and Aransas Pass railroad strikers was committed Monday night at Yokim, Tex., where the division shops are located. The night watchmen at the round house there were held up by the mob of strikers, who then proceeded to dismantle fifteen engines and do other damage.

San Francisco Highbinders.

SAN FRANCISCO, Jan. 6.—Highbinder warfare broke out afresh Monday night when an unknown Chinaman was shot in Cook alley, in the heart of Chinatown. The man was just entering his house when the assassin fired, one bullet entering the victim's back and another in his breast. The murder shows all the earmarks of highbinder revenge, but the police have not yet secured a clew.

MORPHINE HABIT.

Mother and Five-Year-Old Child Addicted to the Drug.

INDIANAPOLIS, Jan. 6.—Ten days ago a lady from Ohio giving the name of Miller, and accompanied by her five-year-old daughter, appeared at the residence of relatives at Lebanon and stated that she was on her way to the Keely institute, because she was addicted to the morphine habit, and asked that her child remain at Lebanon while she was at the institute.

Before leaving she said that she had been in the habit of giving the child morphia since infancy. She had been gone but a few hours when the child began to cry and beg for "phine," as she called the drug. The Lebanon people refused to give the drug, and the paroxysms became so violent as to cause alarm. A small portion of morphia was administered, and the child became quiet. It was then sent to its mother at the institute, and acting on the advice of the physicians it was entered as a patient, and is now being treated.

The mother admitted that the child had been using about two grains a day but this has been reduced to a quarter of a grain, and the physicians think there will be no trouble in curing the little victim. The child, in fact, is getting along better than its mother. Mrs. Miller is said to be well connected, and the physician refused to make known her residence on that account.

TAXING EXPRESS COMPANIES.

The United States Supreme Court Sustains the Missouri Law.

WASHINGTON, Jan. 6.—The United States supreme court has affirmed the decision of the lower court in the suit brought by the Pacific Express company against James M. Seibert and John M. Wood, auditor and attorney general respectively of the state of Missouri, sustaining the state law which levies a tax of \$2 on each \$200 receipts of express companies doing business within the state.

Unknown Man Killed.

SHELBYVILLE, Ind., Jan. 6.—The east-bound passenger train on the Cleveland, Cincinnati, Chicago and St. Louis railroad ran against and knocked into Big Blue river an old man whose identity was unknown at noon yesterday. He was crossing the river on the bridge and could not get off. He looked to be about sixty-five years of age, wore short gray beard and was thinly clad. The locomotive struck him and knocked him into the middle of the river, a distance of about twenty-five feet. When taken out a few minutes later he was dead.

Army Surgeon Dead.

WASHINGTON, Jan. 6.—Surgeon General Wyman has received telegraphic notice of the death of Surgeon W. H. Long, of the United States Marine hospital service, at Cincinnati.

Surgeon Long was born in Kentucky in 1842; appointed assistant surgeon Oct. 12, 1875, promoted to be surgeon Jan. 1, 1878; served at the United States Marine hospital at Louisville, from 1875 to 1882; at Detroit, from 1882 to 1885; at Chicago, from February to October, 1885; at Detroit, from 1885 to 1888; at Cincinnati, from 1888 to the date of his death.

Armor Plate Mills Shut Down.

PITTSBURG, Jan. 6.—The armor plate mill of Carnegie, Phipps & Company, at Homestead, has been shut down, owing to a difficulty with the men. On New Year's night fourteen employees of the plate mill left some of their work unfinished, and yesterday these men were discharged. The shutdown of the armor plate mill involves one hundred men. Amalgamated officials were at Homestead yesterday trying to adjust affairs with the firm. The shutdown retards work on government armor plate.

No More Deadheads.

INDIANAPOLIS, Jan. 6.—President Frenzel, of the street railway company, issued an order to take effect the 1st inst., curtailing the deadhead privileges of the road to employees. The Brotherhood of Drivers, Conductors and Motormen resent the action, and at a meeting held Monday they decided to make it a cause of war unless rescinded. The non-union employees are a unit with the brotherhood. It is probable every car will be stopped by Thursday.

Physicians Baffled.

ST. MARY'S, O., Jan. 6.—William Steltz, who was scalded in the boiler explosion here last Saturday, has become afflicted with a peculiar ailment which is completely baffling the doctors. His head is swollen to thrice its natural size, causing the man great agony. Death is momentarily expected.

Investigating the Famine.

ST. PETERSBURG, Jan. 6.—The English quakers who have been making a tour of the famine-stricken provinces have returned to this city. They are convinced that the distress resulting from the famine is widespread, and they hope that all nations will prove their sympathy in a practical way.

Militia Company at Portsmouth.

PORTSMOUTH, O., Jan. 6.—Word was received by Mr. Charles Hard last night that a militia company, which he has long been anxious to locate here, has been secured. It is to be Company H, Fourteenth regiment, Colonel A. B. Coil, assistant adjutant general.

Cattle Thieves.

FRANKLIN, Ind., Jan. 6.—Cattle thieves are operating in this section of the county. Last week Edward Cutsinger lost two head of cattle and yesterday four head were stolen. Mr. Cutsinger offers \$150 reward for their return and the capture of the thieves.

Not in the Race.

ST. LOUIS, Jan. 6.—At a meeting of the Merchants' exchange yesterday it was resolved that St. Louis withdraw as a competitor for the location of the Democratic national convention, and throw her influence in favor of Kansas City.

Here's Our Hand!

At the close of the largest one-year's Retail Shoe Trade ever done in Maysville, and at the beginning of another year, in which we hope to show largely increased business, we beg to express appreciation of the generous patronage of our hosts of customers in the past, and to greet all with our best wishes for a happy and prosperous new year.

In Order To Begin Our Plan

of carrying out our purpose to make our present year's trade largely exceed all former years, we propose that, until the first day of March, we will offer, in addition to the 25 per cent. discount heretofore given in the prices of our goods, an additional discount of 10 per cent. on all goods, which we will pay to the customer in actual CASH, upon each and every sale.

Our Present Stock Has No Equal

for extent or variety in this part of the west. We have no old or shop-worn goods we wish to work off—they are all New and Fresh. It is comprised of MEN'S, WOMEN'S and CHILDREN'S FINE and HEAVY BOOTS AND SHOES, all from the best factories known to the Shoe trade. Also, Men's and Women's Snag and Waterproof Boots, and best Arctics, Gum Shoes, Tips and Sandals in every design. On all these goods we make this additional 10 per cent. discount, which we pay in CASH.

We Mean Just What We Say,

and ask you to come and let us give you proof of it. We must clear our house of our present immense stock of Winter Goods to make room for the largest display of Spring Footwear ever put on sale in this market. No such prices in BOOTS and SHOES as we offer were ever heard of. You'll be the sufferer if you pass us, needing Footgear.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, JANUARY 6, 1892.

Why not dump that branch penitentiary at Eddyville into the Cumberland river? It would no doubt be an economical move on the part of the State to do so. True it has cost \$500,000, but it is not a fit place yet to confine prisoners. The idea of building work-shops where fresh air has to be pumped into them constantly during work hours! It has been a stupendous piece of jobbery from the start, and it would be interesting to know who was at the bottom of it.

REPRESENTATIVE FRAZEE was honored with the position of Chairman of the Committee on Revenue and Taxation by Speaker Moore. He was at the head of this important committee in the last Legislature, and it is gratifying to him and his many friends that he has been honored again with his old position. It is worthy of note in this connection that Mason County furnishes both chairmen of this important committee in the present Legislature. Senator Poyntz heads the committee in his branch of the Assembly.

REPRESENTATIVE HART, of Fleming County, fared a little better than the rest of the members of the Legislature from this section in the make-up of the standing committees. He was given the chairmanship of two committees—Ways and Means and Public Offices and Library—and has a position on several others. Representative Halbert, of Lewis County, is at the head of the Committee on General Statutes, and has a place on a number of other committees. Dr. C. W. Mathers, of Robertson and Nicholas, is at the head of the Committee on County and City Courts.

They Do.

Mr. Editor—To settle a dispute, please state whether an old soldier who is an applicant for mail carrier is required to pass the same examination as one who was not a soldier. Also state whether the mail carriers assert their own mail or not.

THE BULLETIN'S information from Postmaster Davis is that old soldiers must pass the same examination other applicants do; and mail carriers have to sort their own mail.

Resolutions in Memory of Rev. Geo. W. Coons.

At a stated convocation of Maysville Commandery No. 10, K. T., held Dec. 28th, 1891, the following resolutions of condolence were offered and adopted:

WHEREAS, The Supreme Commander has stricken in the name of the Reverend and Sir Knight George W. Coons from the book of temporal life and inscribed it in the book of eternal life, and WHEREAS, Our deceased brother was, as a member of Maysville Commandery No. 10, K. T., the oldest and one of its most respected and talented members;

Resolved, That by his death, our order has incurred a great and lasting loss; our individual members a bright and shining example of true and tried Knighthood; Christianity a valuable, faithful, earnest and consistent worker; his family and friends a beloved companion, guide and counselor and the community in which he lived a worthy citizen and a Christian gentleman.

Resolved, That a page of our records be set apart whereon to inscribe this memorial and that a copy be furnished to the family of our beloved brother. Resolved, That these resolutions be printed in the city papers.

OUR NEIGHBORS.

MAYSVILLE.

Mrs. Jonas Myall has been confined to her home several days by sickness.

Mrs. Rebecca Clary is on the sick list again, but was some better Saturday.

We have a great deal of sickness through the country, mostly of a mild form of the grippe.

Uncle Wash Throckold, an old colored man well and favorably known, passed in his checks one day last week.

We have had several rains during last week, and on Saturday some of the beautiful snow, and turned quite cool.

Miss Jennie Evans is now at Danville, Ill., where she was called to see her sister, who died an hour after she got there.

Thomas D. Worthington and his brother John Worthington, who lives with him, are both very low with pneumonia.

Last Sunday was the best winter day we have had. A few more days like it would make ice thick enough to put up.

Christmas has come and gone. It was very quiet here, had no disturbance of any kind, which speaks well for this place.

J. A. Jackson, who has been confined to his home for three weeks with la grippe, is some better, but has a very severe cough.

J. A. Jackson will take great pleasure in writing receipts for old and new accounts not paid. Call in, gentlemen. He needs the money to pay his debts, don't you forget it.

Mrs. America Raymond, an aged lady who has been quite frail for some time, died December 31. Her funeral was preached by Elder F. M. Tindler on the 2nd instant. She was about eighty years of age.

Henry Forman now has charge of the office at the Stonehill House, and will enter to the wants of the traveling community. He also has charge of the gent's furnishing goods department, which he is closing out at reduced prices for cash. Give him a call.

GERMANTOWN.

M. F. Coughlin thinks of moving his stock of goods to Maysville.

Chas. S. Burgess, of Tuckahoe, is spending the week with relatives in town.

Miss Maria McDowell, of Robertson County, is visiting the Misses Galbraith.

Harrison Insko, of Jessamine County, is visiting relatives in town and county.

Mrs. Edna Adams, nee Miss Mitchell, and husband, of Maysville, are guests of Mrs. Ambuster.

Prof. T. J. Curry has been appointed to fill the office of Police Judge, vice R. P. Thompson resigned. Woe to evil doers.

The young people at home from school spending Christmas vacation have returned to their different institutions of learning.

Elder Duncan packed his effects and left on Saturday morning for Ludlow, Ky., his future place of labor, leaving the Christian Church here without a pastor. They have several applications and will soon make a selection. Elder Metcalfe will preach for them on next Sunday.

Our professional brother, Dr. J. C. Browning, has been appointed by the County Judge of Bracken physician to the infirmary, a well deserved compliment to a worthy and competent physician. The unfortunates of that charitable institution will find him polite, faithful, attentive and kind.

R. P. Thompson and his bride, after spending a few days near Lowell, in Mason County—the dear old home of her childhood, the home where her mother and father, the noblest and best of people, lived and died, and around which doubtless cluster the fondest and tenderest of memories—will be in town a few days and on Thursday next visit friends in Maysville. We know whereof we speak when we congratulate him on having obtained one of the best of women to travel with him the journey of life. They will make their future home in Augusta.

Rev. J. Reeves conducted quarterly meeting services at the M. E. Church, South, on Saturday and Sunday last, preaching four able discourses. The revival services being held by Miss Mollie Morrison at that church are still in progress. Although there have been no additions as yet, the membership feel that great good is being accomplished. All who have heard her speak of her efforts in terms of the highest praise, and as far as she is individually concerned has done away with the feeling that existed in our community against women filling so prominent a place in the church. Behind the counter, at the counting room where millions are handled, in the school rooms of our country, in the telegraph and other offices where quick and effective aid is needed, in the legal and medical professions she is found occupying successfully places of honor and trust, and wherever charitable and hospitable institutions are found, there will be found the sympathizing heart and tender hand of woman, soothing the pangs of the suffering and softening the last hours of the dying; yet, when she comes among us to "save the fallen" there are men and women exclaiming, "woman is out of her place." She is telling the "old, old story," and telling it well and faithfully.

SARDIS.

Christmas and New Years passed quietly away. No casualties. Our merchants were all busy—William Pyle selling out at east; G. W. Dye doing a good business; Tomlin—BULLETIN H. Q.—selling right along; Perry Suit—ways engaged either in the drug line or issuing papers as Deputy County Clerk or Notary Public; while the P. O. confectionery was crowded night and day. Gus Grigsby sold over \$300 dollars worth of Christmas goods. Miss Alice Dorsey and Miss Little Wood were much complimented for their splendid entertainment at the Christian Church.

Attention, Sir Knights.

Called meeting of Maysville Commandery No. 10 to-night at 7 o'clock. Work in the K. T. order. A full attendance is desired. L. C. BLATTERMAN, E. C. A. H. THOMPSON, Recorder.

A Maori Son.

The youngest son of the earl and countess of Onslow received as one of his names in baptism the Maori title of "Huia," in compliment to the land of his birth. The child has just been received into Maori kinship. Lord and Lady Onslow, Sir Walter and Lady Butler, and other friends visited the Ngati-huia tribe near Wellington, the New Zealand metropolis. The hereditary chief of this tribe rubbed noses with the child, the women accompanying the ceremony with a plaintive lullaby. All the chiefs then came forward and cast their offerings at the child's feet—worked flax, greenstones, carved boxes, etc.—Manchester (Eng.) Times.

The City Won't Pay for the Trousers.

There was quite an audible smile in the board of aldermen when a communication was received from Officer Milton C. Morse, asking for five dollars damages for a pair of pants while arresting a prisoner. Alderman Watson moved that the claim be allowed, but Alderman Arnold jumped up and remarked that he thought that the policemen earned salary enough to pay for their own pants, and moved that the request be refused. A minute later he withdrew his motion, but the request was not granted.—Haverhill (Mass.) Gazette.

A Hen That Lays Golden Eggs.

There is danger of a breaking out of the gold fever in West Stockbridge. A thoroughbred hen up there laid a few days ago an egg with a shell that fairly glittered with tiny specks of gold. If the place where the hen found the metal can be found there is a party already organized to seek paying dirt.—Newburyport (Mass.) News.

Raising Tea in North Carolina.

The result of the recent attempt to raise tea in North Carolina indicates that the soil and climate are favorable to such an industry, but that, owing to the expense of picking and curing, none but the highest grades could be produced profitably.—New York Times.

GIVES FREE TREATMENT ONE WEEK.

B. A. STOCKDALE.

Surgeon and Specialist, who has created such a sensation in and around Louisville, Ky., by curing diseases that almost baffled the medical fraternity of the country, will visit Maysville, FRIDAY, January 8, 1892, at the Central Hotel, to remain one week, returning every month during the year. Dr. Stockdale has been connected with the largest hospital in the country, and has no superior in diagnosing and treating diseases and deformities. He will give \$50 for any case that he can not tell the disease and where located in five minutes. Treats all curable Medical and Surgical diseases. Acute and Chronic Catarrh, diseases of the Eye, Ear, Nose, Throat and Lungs, Dyspepsia, Bright's Disease, Diabetes, Kidneys, Liver, Bladder, Chronic Female and Sexual Diseases. Enlarged or Pits cured. A positive guarantee. He undertakes no incurable cases, but cures thousands given up to die. Remember the date and come early, as his rooms are always crowded wherever he stops. Correspondence solicited and confidential. Address MEDICAL AND SURGICAL INSTITUTE, Louisville, Ky.

INTERNAL REVENUE.

An Increase of Nearly \$40,000 in the Receipts Here Last Year.

There has been a steady increase in the internal revenue business at this place for several years.

The increase in 1891 amounted to nearly \$40,000 more than in 1890, and the showing made is the best in many years.

Deputy Collector Wadsworth has had an assistant for several months and the two are kept busy attending to the duties of the office. The monthly receipts furnished the BULLETIN by Mr. Wadsworth for 1890 and 1891 are as follows:

Alone on the Prairie.

The day was in that transitory state when twilight lingers in the lap of day and darkness struggles for the ascendancy. The sun hung in a great red ball of lurid flame betwixt heaven and earth; there was a feeling of profound quiet which seemed to settle on all things animate. The birds, the insects, the very trees and sprouting plants were for the moment hushed as if the expectancy of some unforeseen, some inexplicable something which seemed to pervade the very atmosphere. A bull frog gurgled softly as he fell back into the limpid water. Suddenly over the brow of a distant hill, there appeared a solitary man, seated astride a great bay horse; he cast one long sweeping glance around him and then went back over the brow of the hill again. And that same night over seven hundred people were turned away unable to gain admission to the opera house where "She Couldn't Marry Three" was being played to the most delighted audience of the season.

An Old Friend in New Clothes.

Manager Hassan four years ago bought the sole rights for "One of the Finest" from Gus Williams. The play was then a favorite comedy-drama abounding with striking incidents of everyday life in New York, but when it passed into the energetic management of Mr. Hassan he infused new life into the piece, and, without changing the plot, added numerous features at considerable outlay. The first and most important move of Mr. Hassan was to provide entire special scenery for the play, the result being that every scene shown is a marvel of beauty and realism. Chief among these is the beautiful Central Park lake scene and the Fall River Line pier scene, North River. The tank used is described as the largest ever introduced upon a stage. The company numbers eighteen people, who have been carefully selected. The play has achieved a wonderful success and has done a very large business on the road since it passed into Manager Hassan's control. At the opera house to-morrow night.

Here and There.

Mrs. C. W. Lurley has returned from Lexington.

Mr. Hall Strode left yesterday to attend school at Winchester.

Mrs. A. Myers, of Augusta, is with her sick sister, Mrs. A. B. Ward, near Washington.

Miss Maggie Sidwell, of Tuckahoe, who has been visiting Miss Lida Pollitt, has returned home.

Messrs. Hope Sidwell and Ollie George passed through Maysville Monday on their way to Flemingsburg to attend school.

Miss Phoebe H. Forman, after spending the holidays at her home in Washington, has resumed her studies at the Conservatory of Music at Cincinnati.

Miss Lula C. Evans, of Dayton, Ky., who spent the holidays with relatives and friends here, has returned home, accompanied by her uncle, Mr. William Evans.

Mr. Stephen Lowery, who came here Saturday to attend the funeral of his grandmother, Mrs. Louisa Lowery, returned to his home in Louisville yesterday.

Mr. W. B. Parry left Monday for Louisville. He has accepted a position with Weisinger & Co., large tobacco manufacturers, and will probably have charge of their trade in the West.

Week of Prayer Services.

The attendance at the week of prayer services last night was much larger than the night before. The weather was not so inclement. The services were held at the Christian Church. Brief addresses were made by Revs. J. E. Wright, J. M. Evans and Dr. Hays. Church unity was the theme and the discourses were very interesting.

The services will be held at the Central Presbyterian Church to-night, at the court house Thursday night, at the First Baptist Church Friday night and at the M. E. Church Saturday night. All cordially invited to attend. Subject to-night: "Families and the Young." Praise: For the gracious promises made to the godly and their children; for the young people who are yielding themselves to the Lord, resisting the evils of the day, and serving Christ in his church. Prayer: That parents may be holy, devoted, wise and true; training their children in Bible knowledge. That the love of Christ may be the light of every home, and the will of Christ its law; that the sons and daughters of Christian parents may be mercifully preserved from abounding iniquity. For Sunday and day schools; for associations of young men and young women; for all colleges, universities and training institutions; and that the religious teachers of the rising generation may be valiant and faithful.—Isa. xlv. 1-8; Psa. cxvi; Deut. vi; Col. iii. 1-7.

So MANY young men are impressed with the idea that to perfect themselves in book-keeping, the great enigma and science of business, is all that is necessary to the easy road of wealth in commercial pursuits, while in fact it is the simplest and nowadays the poorest paid, and unfits a man as a business man in many respects, instead of taking the initial step in labor and economy. Book-keeping is essentially adapted to the work of women, and a business man of this city makes this proposition, if some of the representative ladies will superintend the effort, that he will instruct a small class gratis of spare evenings and warrant a proficiency to those of average minds, a fair knowledge of mathematics and willingness to learn, that he may supplant the numerous applicants who desire to shun manual labor, to compete with women in their humble efforts to live. Further information can be had at this office. It

TRAINS WRECKED.

Collision on the Wabash Road at Aladdin, Missouri.

SIX MEN KILLED OUTRIGHT.

Two Others Probably Fatally Injured and Many More Badly Hurt—Two Cannon Ball Trains Crash Together—Fire Adds to the Horrible Catastrophe.

JACKSONVILLE, Ills., Jan. 6.—Six men were killed outright, two probably fatally injured and many others badly hurt in a collision yesterday morning between a the east and westbound cannon-ball trains on the Wabash road, at Aladdin, Mo., a small station, near Hannibal.

The victims are: A. S. Bouchard, engineer, killed outright.

James Wilson, engineer, killed. Four Italian emigrant passengers, names unknown, killed and cremated. Henry Warboys, fireman, of Springfield, fatally injured.

Ed Conwell, fireman, not expected to live.

The trains were the eastbound and westbound cannon-ball trains. The eastbound had the right of way, and was waiting at Aladdin for the other train, No. 41, to take the siding. The night was foggy, and Engineer Bouchard was not very well acquainted with the run and failed to stop at the switch, but went rushing by into the station at a high rate of speed.

He was unable to see anything ahead of him, at least this is the supposition. The engines came together with a terrific crash, and in an instant all was confusion. To add to the horror of the scene the trains took fire consuming the baggage and smoking cars and one chair car. The remainder of the cars were saved.

The body of Bouchard was found pinned to the ground under his engine, and his fireman was fatally injured. Charles Wilson, the engineer of the eastbound train, was buried in the wreck and his body has not yet been found. His fireman was severely injured, but may recover.

Besides the four Italian emigrants killed, several more were wounded. The belated train passed through here at 11 o'clock.

OVER A TRESTLE.

A Train Falls Thirty-Five Feet, Killing One Man.

LOUISVILLE, Jan. 6.—As the train over the Kentucky and Indiana bridge, last night at 12:17 o'clock, was backing over the trestle, which is thirty-five feet high, into the round house to put up for the night, one of the coaches jumped the track and fell to the ground. Fortunately there were no passengers aboard.

Conductor Frank Mahan was instantly killed by being caught beneath the fallen coach. Brakeman William Patton jumped off the trestle and sustained only a severe fracture of the ankle.

Mahan was forty years old and married. He lived at 2807 Montgomery street, this city, where his body was removed.

The exact cause of the accident is not known. No blame is attached to the train crew.

Through a Bridge.

DICKINSON, N. D., Jan. 6.—A freight train on the Northern Pacific went through a bridge near here early this morning. A fireman was killed and a brakeman seriously injured.

BLOODY COUNTY SEAT WAR.

Three State Officers Killed and Soldiers Ordered to the Scene.

ARKALON, Kan., Jan. 6.—A bloody county seat war has broken out in this neighborhood, and three state officers have already lost their lives while armed forces are now endeavoring to capture and murder a district judge. A bitter feud has been on in Stevens county ever since the killing of Sam Wood by James Brennan on June 23, 1891. This feud culminated yesterday in an ambush being laid by desperate men for the purpose of killing Judge Theodosius Botkin, but the timely warning gave the judge opportunity to escape.

Sheriff Dunn, with six men, started out to find the ambushed men, but ran into the ambush and were fired upon. One of the officers fell dead but the others escaped.

Judge Botkin was to hold court at Springfield yesterday. There is a county seat war on between Springfield and Arkalon. A mob composed of the old Stevens county faction were determined that Botkin should not hold court and took the measures stated above to carry out their plans.

Troops Ordered Out.

TOPEKA, Kan., Jan. 5.—Governor Humphrey has sent a company of soldiers to the scene of the trouble in Stevens county.

BOMB IN COURT.

Some One Attempts to Blow Up a St. Louis Building.

ST. LOUIS, Jan. 6.—Considerable excitement was created in and about the Four Courts building shortly after 1 o'clock yesterday afternoon by the report that a dynamite bomb had been exploded in that building. There was, however, no explosion.

One of the attaches of the building found what is supposed to be a dynamite bomb lying on the stairs leading to the circuit court room. The bomb was of ordinary gas pipe, about one inch in diameter and fourteen inches long. It was plugged at both ends.

A fuse, such as is used in blasting, was attached to one end and protruded about six inches. It showed evidence of having been ignited, but had been either extinguished or had died out.

Killed to Death.

GALLIPOLIS, O., Jan. 6.—A few days ago a young man named Ord, of West Virginia, a nephew of Pilot Chester, of the steamer C. A. Hill, while out hunting above Point Pleasant, accidentally shot himself in the arm, severing a main artery and bleeding to death before assistance could reach him. The gun was accidentally discharged while the young man was climbing over a fence.

CONFEDERATE FLAG.

One Is Flying Over the Postoffice at Baird, Texas.

WASHINGTON, Jan. 6.—First Assistant Postmaster General Whitfield received two letters yesterday from responsible parties relating to advice received at the postoffice department some time ago to the effect that the Confederate flag had been flying over the postoffice at Baird, Tex. It will be remembered that General Whitfield wrote to the postmaster at Baird requesting information in regard to the matter, but up to the present no reply has been received.

The letters received yesterday tell conflicting stories. One of the writers states that the flag flies over the centre of the business block in which the postoffice is located, and on holidays and occasions of festivals the Confederate flag can be seen standing out prominently from a few small Mexican flags and a small United States flag.

The other writer in his letter says that there is absolutely no truth in the report and that it is one of the many schemes of Confederate veterans to harass the postmaster, an old Union soldier.

As the case stands it is a difficult matter to get at the truth of the report, but General Whitfield will have a thorough examination made and ascertain the exact situation. There is a possibility that the obnoxious emblem was put up on the building by parties who have business establishments in the same block, but in that event it is quite likely that the postoffice authorities will have the postoffice at Baird moved to some other location.

MICHIGAN GERRYMANDER

To Be Taken Into the United States Supreme Court.

CHICAGO, Jan. 6.—A Washington dispatch says: Michigan Republicans are fully determined to have the constitutionality of the new electoral law tested in the supreme court of the United States. They have had a careful examination of the precedents regarding the choice of electors, and several ways have been found by which the case may be appealed to the highest court in the land. The leading contention will probably be on the choice of the electors at large, as it is claimed that there was no right to split the state in two parts in providing for the choice of electors at large. The Michigan people here say that arrangements will be perfected by which the case can be got before the supreme court and a decision had before the summer adjournment.

A CASHIER MURDERED.

Money the Object of a Terrible Crime at Ishpeming, Mich.

ISHPEMING, Jan. 6.—Cashier John Gleason, of the Cleveland Iron Mining company, was murdered early Tuesday morning by unknown men. While working in the office he was shot with a 38-caliber revolver, and died after remaining unconscious for three hours. The safe was locked. Gleason's pockets and the office were rifled.

House and Senate.

WASHINGTON, Jan. 6.—In the house yesterday the entire time was devoted to the introduction of bills, mostly of a local nature.

In the senate, Mr. Washburn offered a joint resolution appropriating \$100,000 for the employment of ships to transport food donated by this country for the famine sufferers of Russia. It was adopted by 40 to 9, after debate.

Mr. Perkins, of Kansas, was sworn in. After a brief executive session, the senate adjourned.

A Big Paper Plant.

WEST SUPERIOR, Wis., Jan. 6.—A deal was closed today for the sale of 3,000 acres of land at Manitou Falls, to the Holyoke Paper company, of Massachusetts, which will remove its plant there and establish the largest paper mill in the west, with a capacity of 300 tons of paper a week. Wood pulp will be chiefly used, the forest there affording excellent material. Manitou Falls is twelve miles from here, on Black river, and headquarters will be in Superior.

He Got Twenty-Eight Years.

MEMPHIS, Jan. 6.—Harry Lawrence, a noted burglar, who made a daring attempt to escape yesterday from jail, was tried and given twenty-eight years in the penitentiary. His pal, Charles Johnson, got fifteen years. Lawrence is twenty-five years old, and is an expert stenographer. He is a graduate of the Philadelphia public schools and has already done one term for burglary in Pennsylvania. Judge Dubose, when he heard of his attempt to escape, ordered the deputy sheriff to let him make the attempt and then shoot him.

Proclamation in Preparation.

WASHINGTON, Jan. 5.—President Harrison is now engaged in the preparation of a proclamation of retaliation against the countries which have refused to enter into reciprocity trade relations with this country, and will probably have it ready for issue before the end of the present week. In this work he is having the assistance of General J. W. Foster, who has been the special representative of the United States in all the negotiations with other countries on this subject.

Finally Captured.

VALPARAISO, Ind., Jan. 6.—Daniel Kennedy, wanted at West Superior, Wis., for a murder committed several years ago, was arrested at Hammond yesterday and taken to Wisconsin to answer for his crime. The officers have been on the trail of Kennedy for over a year, but he always managed to elude arrest until now.

Barroom Quarrel Ends in Murder.

INDIANAPOLIS, Jan. 6.—John Kain, a traveling man for Woodford & Company, wholesale liquor dealers in this city, was shot and mortally wounded by Martin Moran, a saloon keeper, Monday night. The affray occurred in Moran's saloon and was the result of a barroom quarrel. Moran is under arrest.

A New Bank.
